## *Himalayan Sea Salts*

### Benefits

Reputed to help restore energy levels and the body's alkaline and electrolyte balance.

Releases toxins into the bathwater through osmosis.

Essential minerals from the salt crystals are absorbed through the skin reducing the acidity in our body and balancing the ph factor of our skin.

### Primary Uses and Recommendations

Ideal for people over stressed and over worked

Adequate for all skin types

Ideal to detoxify tired and dull skin

It is an ideal complement to help improve the discomfort of skin conditions resulting from psoriasis or other skin irritations.

The combinations of Aromatherapy body lotion maximizes the effect of the salts.

*Both Offered in Three Essential Oil Blends!*

**soothing lavender sweet orange blend** – lavender, sweet orange and lemon essential oils.

**grounding vanilla sandalwood** – sandalwood and bergamot essential oils, vanilla and black tea extracts

**invigorating grapefruit bergamot blend** – grapefruit, orange, bergamot, sage, spearmint and rosewood essential oils

## *Body Lotion with Pure Essentials Oils*

Increases moisture levels as to prevent premature aging of the skin

Protects and provides a luminosity to the skin

Promotes elasticity

A massage with Pink Papaya aromatherapy lotion packed with essential oils is known to release tension and provide a comforting feeling.

### Ingredients

**sweet almond oil** - sweet almond oil is an excellent emollient, softens and soothes the skin, while helping your skin to balance and retain moisture.

**golden jojoba oil** - derived from the single seed of the fruit of a jojoba tree it is really a wax not a oil, sometimes referred to as "liquid gold." It is one of the most easily absorbed vegetable oils by the body. It's fatty acid profile is almost identical to our own natural skin oil making it one of the most easily absorbed moisturizers.

**aloe vera** - contains over 100 healing compounds to soothe, heal and moisturize
